May Web Design, LLC

Donna May, Website Designer

Happy Fall! The holidays are approaching so make sure your website is ready for the upcoming season.

Websites can change as often as you like. Make sure to update your pictures, add some video, or freshen up your information. When a visitor comes to your website make sure they can access all the information they need and enjoy their time navigating through your important information.

May Web Design, LLC creates professional websites that are affordable and enable clients to take ownership and update themselves. The most important part of my business is empowering website owners to update their website themselves, always keeping it fresh and new. My business model is simple: I create the website you envision and give you the tools to update your website.

Website launches are exciting, but I also update websites and create forms for different organizations and small businesses. I enjoy meeting new people and learning about what they do.

Donna M. May

New websites are always a cause for celebration

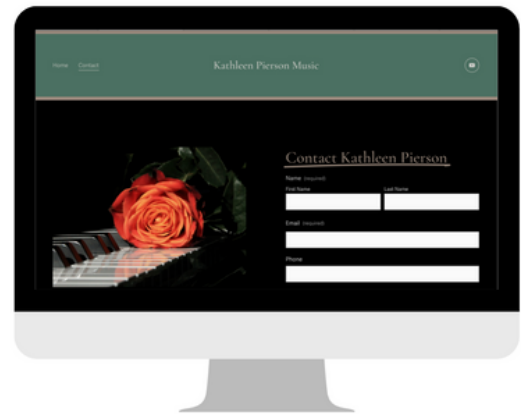

New Websites

Always a cause for celebration!

I am honored when chosen to design a website for a client. I strive to give my clients the website they envision. We discuss in detail what they need and want in a website. I build their dream in a way that they can easily update and build on to keep the website fresh and new for their clients and members.

I have met some wonderful people who are starting their own business, have an existing thriving business, and people that organize nonprofits. I enjoy designing a website that they can take pride in and that will help in their current and future endeavors.

The website provides information on Kathleen Pierson's music and life. She wanted a very simple and secure website to continue her music. Kathleen has links to her YouTube channel providing even more music. You can contact her through her page as well.

The website provides Jason's personal story, resources to help those in need, and a marketplace to sell t-shirts. A portion of the sales goes to the Helping Up Mission in Baltimore.

Resources available are for Alcoholics Anonymous, Narcotics Anonymous, 988 Suicide and Crisis Hotline, and the Helping Up Mission in Baltimore. Links to the websites are provided and buttons to call. For those in need of help it's quick and easy to find someone and begin to "Love life clean and sober one day at a time."

The Central Indiana Chapter will be celebrating their 30th anniversary in 2024. I made them a special logo to commemorate that occasion. The website will allow them to showcase their awards and scholarships. Tickets and sponsorships may be purchased online for their yearly scholar athlete award.

The NFF Mission is to promote and develop the power of amateur football in developing the qualities of leadership, sportsmanship, competitive zeal, and the drive for academic excellence in America's young people. The Central Indiana Chapter honors high school scholar athletes with postgraduate scholarships for combined athletic, academic, and leadership attributes.

May Web Design, LLC Reviews

This is the first time I've ever had a website designed. It was definitely a pleasurable experience. She knocked it out of the park! I didn't think it would look as good as it did. So many moving parts to the page. I gave her the info and the vision, and she turned it into reality.

The communication was great. The response time was quick. I can't wait to add on to my site in the near future!

J. Barnstein

Love Life Clean and Sober

As someone in my 70s and "non-techy," I knew I would need help if I were going to have a nice, up-to-date website in support of my continued work as a musician. I had had a website long ago which had been hacked in 2011 and I could no longer update it nor shut it down, so I even needed a whole new domain name. I had been putting off dealing with this for over a decade! Then I found Donna May - and in an instant I knew this was exactly the competent, trustworthy, endlessly patient help I needed. Donna was able to take care of every detail, always with a smile and her creative flare. I now have a nice, simple, and secure website I love, which I can update myself, and which I would never have "gotten around to" without Donna's help. I heartily recommend May

Web Design.

I had the opportunity to work with Donna on the Central Indiana Chapter of the National Football Foundation web site. She was wonderful to work with. Not only was she creative in her designs, she completed things when she said she was going to. In addition, she was very thorough and easy to understand when she presented to our team the processes and procedures for maintaining the site. I would definitely recommend Donna to anyone needing web design/development completed!

Squarespace Basics

Website Panel Change

A new feature from Squarespace has been released to 7.0 and 7.1 websites.

Squarespace slowly makes changes to their websites, making them more efficient and user friendly. The Home Menu has been changed to create one single entry point for website editing.

Imagine. Innovate. Invigorate.

Dream and Grow your vision for your business or nonprofit organization website.

Many websites are outdated or simply cannot be updated easily. New website design may be overwhelming. I can move your website into a platform that looks fresh and vibrant. If you don't have a website, we can start from scratch to build what you envision.

If you already have a Squarespace website, take a look at the Learning and Community section for websites, forums, guides, and videos. Useful information.
